

## **HSN & SAC Code MASTER**

As per the notification from Govt on 15th Oct 2020, businesses having turnover of more than 5 Cr, 6 or more digits HSN/SAC code is required in HSN summary during GSTR-1 filing. This is effective from 1st April 2021.

For this compliance, we will be validating E-Invoice data and will be blocking Invoices with HSN/SAC code less than 6 digits from 1st April 2021.

Please ensure to correct your HSN/SAC masters to comply with this.

List of supported HSN/SAC codes for E-invoicing can be referred here (please use HSN/SAC codes with 6 or more digits)
